**Guidelines for series approval of products for**

# Mobile Phones

| Product | Grouping as one series, Provided |
|---|---|
| Mobile Phones | • Same battery capacity<br>• Same battery charging voltage and current<br>• Same battery side PCB design and layout<br>• Same adapter<br>• Similar enclosure |

## Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
