

**Guidelines for series approval of products for
Passport Readers**

Product	Grouping as one series, provided
Passport Readers	<ul style="list-style-type: none">• Same rated input voltage• Same rated current / wattage• Same mains layout or same SMPS board layout• Power Transformer : Same design and insulation system• Same enclosure except for differences of decoration parts

Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
